Dear Parent/Carer,

Safety on School Site and Use of the Car Park

We are fortunate at Grace Academy to have a large car park at the front of the school and would thank you for only using the disabled parking bays if you are a blue badge holder or have a passenger who requires access assistance. We would remind you that we have some disabled students and members of staff at Grace Academy who need to access these bays.

We appreciate that school drop-off and pick-up times are busy and ask parents to only park in designated parking bays or the drop-off lane and not to stop in between parked cars as this causes a safety risk for students. Similarly, any other areas of the school site should not be used for parking or manoeuvring, for instance, near the bike sheds. We would like to remind parents that incorrectly parked vehicles could impede access for any emergency vehicles. Staff members will be in the car park at the start and end of the school day and will request you to move your car if you are parked inappropriately.

We would also ask drivers to be mindful that driving without caution on school site poses a safety risk to students and other users of school site.

We thank you for your support with keeping our students, staff and users of school site safe.

Yours sincerely,

Mrs E Wheller
Associate Principal
