Subject: Health and Social Care	Term 1 (September - December)

This term, we are studying

Year	Topic(s)	Why this? Why now?
Year 10	Human Lifespan Development Factors Affecting Development	In this term you will start your first coursework assignment. For Task 1 you will need to describe growth and development in two lifestages. For Task 2 you will need to explain the impact of a factor which affects development.
Year 11	Obstacles to accessing health and social care. Skills, values and attributes demonstrated by health and social care professionals. Health and Wellbeing.	During the first half term you will be completing your Component 2 coursework. The last two tasks look at how health and social care professionals use skill, values and attributes. On January 9th 2026 you will be sitting your Component 3 exam. In the exam you need to be able to identify factors which have an impact on an individual's health and wellbeing.

Year	Topic(s)	Why this? Why now?
Year 12	Understand the purpose of health education Explore key issues and priorities for health and the factors that affect health and wellbeing Examine approaches to health education campaigns and their impact on health and wellbeing	This term you will be completing your Unit 5 coursework, Promoting Health Education. As part of this coursework you will plan a health education event based around a specific health and well being issue.
Year 13	Roles and responsibilities of people who work in the health and social care sector. The roles of organisations in the health and social care sector. The roles and responsibilities of professionals who work with people with specific needs in the health and social care sector.	On January 12th 2026 you will be sitting your Unit 2 exam. The paper consists of four sections, and each section is based on a different short scenario briefly explaining the situation of a person with health and social care needs. You will need to explain the roles and responsibilities of the professionals who will be involved in their care.
